Sunshine Meadows starts to take shape!

As one drives into the town of Dundurn, Sunshine Meadows is coming along nicely as the owner of the development is currently focusing on the north end commercial portion and the outdoor / perimeter work. The outdoor work should be completed by the end of September and the north commercial area completed in

the next couple of weeks which will be contracted out to begin building a 10 bay commercial venue. Currently, Sunshine Meadows has 104 out of 265 lots serviced. One of the main features of the development is the lake. Surrounding the Lake is a rubberized pathway which has some bounce making it easier

on the body when walking or jogging, solar powered lighting, kids park, and a winter building. Plans are to stock the lake with trout for the summer and add more water in the winter for an ice rink. There will be four entrances to the lake area with each lane named according to the trees that are planted along the pathway.

Happy Canada Day 150!

I was pleased to attend the celebrations in Dundurn on July 1, participate in the parade and take part in the festivities.

Latest from the Legislature:

Our government has worked hard to increase the complement of physicians and specialists in Saskatchewan through training,

retention, and international recruitment.

The Saskatchewan International Physician Practice Assessment is a made-in-Saskatchewan solution created to assess foreign-trained family physicians.

Sixteen doctors recently completed the assessment.

As a result of this program, which was fully implemented in 2012, 210 more physicians are serving Saskatchewan with 80% practicing in a rural or regional community.

Since 2007, Saskatchewan has welcomed over 750 more doctors to communities throughout Saskatchewan, which means a better experience for patients across the system. There is still more work to do and we're going

to continue our efforts to ensure Saskatchewan patients have even better access to health care.

Meanwhile, as part of our commitment to investing in local infrastructure, we are working to improve access to modern, reliable water and wastewater services, The Government of Canada and Saskatchewan recently announced funding for 75 Saskatchewan projects.

Since 2007, our government has invested more than \$350 million in municipal infrastructure projects across the province. This is in addition to nearly \$258 million in revenue sharing—unconditional funding provided to municipalities to invest in local priorities.

The Government of Saskatchewan will continue to invest in infrastruc-

Mayor's Blurb

A thank you to Gary Grady for his time and efforts while being part of our team. Best wishes to Gary in his future endeavors.

We have two summer students working for us this summer. A big welcome to Will Pryor and Zac MacDonald.

The Open House at Sunshine Meadows was well attended on June 10 and 11.

We had some chip sealing done on some of our roads. At \$68,000 this was an economical alternative to paving. We will be looking at doing some more in the future.

Government Road to the south was paved at a cost of \$250,000. This was cost shared with Sunshine Meadows.

A big thank you to all the volunteers who put in their time organizing our Canada Day celebrations. Your efforts are greatly appreciated.

Until next time, have a great day, eh!

Hanley High School Side Notes

Each year brings with it some staff changes and this fall will be no different. Mrs. Martineau will be returning to us full time in the fall. We'll have to say good bye to Miss Vanderpost who was with us these last few months – thank you for all your work in the grade 4-6 classes. We'll be welcoming Mrs. McCubbing and Mrs. Moskalyk back in the fall as they continue the maternity leave coverage for Mrs. Koroll and Mrs. Romanchuk until their return. I want to say thank you to Mrs. Wilson for her last two years with us and wish her well on her transfer to Vanscoy School this fall. She will be replaced by Mrs. Rachel Schraeder who you may remember filled a temporary leave for Mrs. Burgess six

years ago. Lastly, I want to wish Mrs. Cheryl Ashdown farewell as she has decided to leave our school and make a move away from Hanley – best of luck on your move Mrs. Ashdown and all our best to you! That wraps up our staff changes so far for the fall and I look forward to the new faces (both students and staff) in the halls

I'm hoping that when students and staff are able to get away to start their summer that the weather will also cooperate and give everyone a chance to enjoy some warm sunny days in July and August. I have some plans to get some fishing and golfing in this summer with my boys and my wife Kara has already asked about a few

projects around the house and yard we can tackle. I'll be down to the school each week as well seeing how our new caretaking partnership is doing and checking the mail, etc.

Ask Bob

Dear Bob:

I have a friend that I worked with at the same company for over 5 years. My friend quit the company several months ago because he found a fantastic new position at another company. Or so he said!

After all the co-workers farewell gifts and cards of best wishes, I just found out that he lied about everything. Although this hasn't caused me any direct hardships, I still feel taken for a fool and am kind of embarrassed to be his friend as others are gossiping at the water cooler about his mental

stability.

To this day he still pretends to have another job! Should I call him out on it the next time he's bragging about his new job or just leave it alone and take the high road?

Signed: Liar Liar Pants on Fire

Dear Liar Liar Pant of Fire:

You never said how you found out he was lying, but I'll take it that you came to that conclusion through a reliable source. I can understand your mistrust and feelings of let down by your friend whom you supported. It's too bad that after these many months, he still refers to his fake new job rather than just laying low and moving onto other

topics, so I can see how hard it would be to not call him out. I'd have to advise to just grin and be kind. Everyone has a story and he seems to have felt so insecure that he needed to show everyone how great his life is when in all likelihood it was not. Rubbing that fact in won't solve anything.

Signed: Ask Bob
