Glenn Cline at home on Brightwater Lake Ranch

## THE SPIRIT OF THE WEST

By Glenda Pryor

its mid-March, and its calving season at the Cline home- stead. Glenn Cline burns the midnight oil to ensure all goes well with his heifer calving operation. But while he works hard to protect his stock, there's one other place he would rather be.... Kamloops, British Columbia.

It is during the same time as calving when Kamloops hosts their annual "Cowboy Festival" which features cowboy poetry and western music. Being a cowboy poet and story writer, Glenn would love nothing more than to sit,

listen and converse with fellow poets and story tellers.

Glenn started writing cowboy poetry in the early 80's. He took his inspiration from the late Harvey Mawson who was also a poet/writer. Glenn's writing emphasizes his western lifestyle: raising cattle, working on the ranch, spending time with people he's worked with, and sharing stories passed down to him. It's a way of celebrating western traditions with folks who can relate to what he enjoys so much.

Inspiration comes to him at a whim. As Glenn explains, "I have full intention of sitting down to write, then I'm crossing things out, re-wording and I finally give up." He explains that he

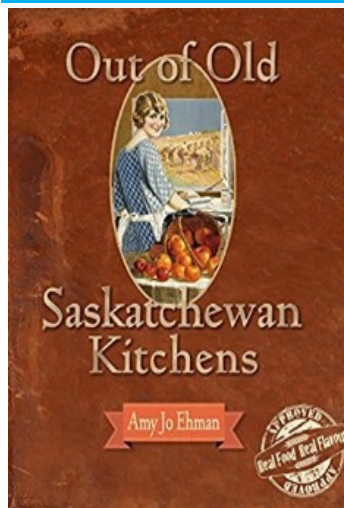

could be watching a television show when suddenly he is inspired and grabs a pen and paper. From that moment, the words begin to flow.

Glenn has been invited to read his collection of poetry for tours at elementary schools and the Wilson Museum. He has a collection of poetry on CD called "Glenn Cline - Almost Home", below is an excerpt from one of his poems.

### "WINTERS"

*Tho decades have past on,  
and people too  
We're Saskatchewan tough,  
and made our way through  
With stories to tell, of bad  
winter's past  
The best part of all, is they  
never last.*

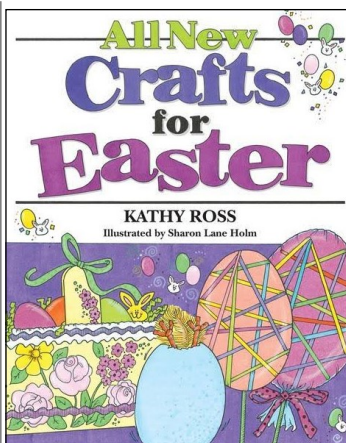

## LIBRARIAN'S CORNER - BOOK REVIEW

*Out of Old Saskatchewan*

*Kitchens* by Amy Jo Ehman is the story of people and the food they prepared. With more than 50 photos, it is a window into life as it was then. If you want to know what life was really like in early Saskatchewan, come to the table with us.

"We tend to have a romantic idealization of pioneer days, but they were horrific" says Amy Jo. "The amount of food they had was barely subsistence. They worked hard to survive."

Kathy Ross, America's crafts-for-kids expert, shares some

very original hands-on ideas for celebrating Easter. There are two terrific Easter Basket projects, one made from a tissue box and the other from coffee filters. An easy-to-make but dramatic project is the Easter Corsage, a perfect Easter gift. In the Easter decorations category there is the Basket of Flowers Door Wreath, and a great idea for a bouquet made of Eggshell Flowers. And, for your Easter table, the Bunny and Basket Place Cards are adorable.

### MAYOR- PER VINDING

Hi again,  
We had a meeting with the

Military Base about the possibility of working together to have housing available for military personnel in Town. We look forward to helping in any way we can.

Curtis Boyes attended our March Council Meeting. He expressed an interest in becoming involved in formulating an Emergency Response Plan for us. He also volunteered to be our EMO Co-ordinator. Thank you, Curtis.

We had a meeting with the reps from several radio stations in Saskatoon. We are working on a marketing strategy for our Town and we are looking at getting some advertising done on the radio stations.

There are persistent rumours floating around out there so let me put some of them to rest. I am hearing rumours that there are plans in place to build a

satellite fire hall in the north end of the RM and that land has been purchased for that. The Town has not been approached about this. I am not convinced that there are enough vehicles to warrant two fire halls.

I am still hearing rumours that the Town was approached by the Co-op about putting a card-lock in Town.

Simply...not...true.

The Town was never approached about this. Think about it. Where do we have the space required for such an undertaking? I remember the Town being accused of turning away business when this rumour started. It is unfortunate that it still resurfaces. Apparently, some one is still trying to discredit the Town.

In one instance, we did "turn away" a business. That was when Brightview approached the Town with their project on the big

so-called "Mall". In Town we did not have the 160 Acres they were asking for, so we referred them to the RM. We did suggest to them that they talk to the owners of the land across the highway.

I am also hearing rumours out there that the RM "owns" the Fire Department vehicles. That is simply not true. The Agreement is that the RM insures the vehicles and the Town insures the buildings and equipment.

An open house was held regarding the new proposed rink for Town. It was well attended, and a Steering Committee was formed to promote the project. Let's give them the support that they need to succeed in this endeavour.

The process of each municipality of taking over their respective wastewater infrastructure is ongoing.

Until next time, have a great day, eh?

Photo Kerry Stopa

## AWARENESS RALLY

### 2018 ANNUAL SLOW DOWN & MOVE OVER

By

Glenda Pryor

On the evening of March 7th, the Dundurn Fire Department, along with tow trucks from Brad's Towing, KMS Construction, municipal trucks from the Town of Dundurn, Resort Villages of Thode and Shields, and the Dundurn Rural Water Utility lined up along the shoulders of Highway 11 South & North and stood at attention for one hour to show respect to fallen members and to raise awareness to the public to SLOW DOWN AND MOVE OVER.

The gathering was to raise awareness on an important law. To keep emergency responders, police, road construction, and tow truck drivers safe on our highways. The law requires drivers to slow down when lights are flashing on vehicles.

Legislation passed Sections 204(1) and 205(1) of the Traffic Safety Act in October of 2015 stating:

"Slow to 60km/h or less except when on a divided highway and on the opposite roadway from the vehicle in question"

SK Government Insurance also published safe highway driving tips.

- Emergency vehicles always have the right of way when

displaying flashing lights and sounding sirens,

- Motorists must slow down to 60km/h when in construction zones, when passing a worker, flags-person, or equipment occupied by a worker.
- You must also slow to 60km/h when passing Ministry of Highways & Infrastructure equipment (snow plows), whether parked or in motion, when the warning lights are on, and
- Approached by an emergency vehicle with its lights on sirens activated, you are required to move as close as possible to the right side of the road.

The awareness rally started at 7 pm with parked equipment and vehicles activating their emergency lights while operators stood professionally by their vehicles with hats off. The

lights remained on until 8 pm. Fire Department spokesperson Reaschelle Higginbotham stated, "This is an important law. I know at times it seems frustrating to have to slow down or stop for an emergency scene but we promise that we aren't doing it for you. We are doing it for us. At emergency scenes, we are often so focussed on providing necessary assistance that we sometimes lose awareness of additional hazards around us. We've had vehicles drive highway speeds inches from where we are on the highway. We've also had vehicles crash into the back of stationary emergency trucks because they could not slow down in time. Please slow down to at least 60km/hr and have patience. Please help return us to our loved ones at the end of each call."

Deputy Fire Chief Tom Willms &amp; Brian Harrison prepare the roadway

Photo Glenda Pryor

## A DEDICATED GARDNER DWELLS WITHIN

By  
Glenda Pryor

With gardening season just around the corner, preparations are underway at greenhouse nurseries across the province. Darla Holland can attest to this, as owner and operator of Holland Garden and Greenhouse, she's been busy coordinating her life around the deliveries of plants and gardening accessories since the beginning of March.

Darla and her husband, Rod, were busy picking up shipments from Saskatoon and bringing them home to the greenhouse which is located on the family farm southeast of Hanley. They have received crates of plants, plugs, and cuttings totalling 27,000 plants. Darla has plenty of help from family and friends in preparing for opening day. Her entourage helps with transplanting, weeding, tending to the trees, mixing dirt, and arranging the greenhouse – basically assisting wherever help is needed!

When the shipments arrived, Darla started the process of biological dipping on each of the plants. This process is a preventative measure against root and airborne diseases and

Darla Holland new products available for customers - plant terrariums

is meant to kill any bugs or larvae that may be living on the plant. This early process helps to prevent the spraying of pesticides later in the season as the plant's mature.

Holland Garden and Greenhouse officially opened in 2014 and after a successful first year, Darla decided to introduce workshops in 2015. The classes include: Succulent and Foliage Planters, Mother's Day Baskets, Fairy Garden's, Fill Your Own Pot and Planter Arrangements. A water bowl workshop is being introduced this year that features an aquatic plant bowl.

Succulent and foliage workshops begin in April, with the first being a succulent workshop on April 7th and more to be scheduled in the coming months. Darla will be hosting multiple Mother's Day Basket workshops in April as well. She commented that "customers are invited to store the baskets they created at the greenhouse until the date draws near to Mother's Day."

To learn more about Darla's workshops, you can find the dates posted on Holland Garden & Greenhouse Facebook Page or you can phone [306-544-2605](tel:306-544-2605) for more information.

Carla Pethick transplants succulent plugs into 4 inch pots

## HIGH SCHOOL DRAMA CLUB CELEBRATE!

### “BLUEBEARD’S CHAMBER” GOES TO PROVINCIALS

By  
Glenda Pryor  
Photo's

On March 12<sup>th</sup>, *Bluebeard's Chamber* debuted at Hanley high school. The school's drama club traditionally holds two performances for the public, and a private performance for the school students.

Opening night brought 70 people through the doors and 100 tickets were sold for the second performance, a dessert theater on March 13<sup>th</sup>.

The play is set in an escape room and as playwright and director Leanne Griffin explains, “It could make you laugh, but also make you shed a tear.” *Bluebeard's Chamber* is about a social game which a group of people are put

Jacob Farnsworth as Jester Bluebeard, Jackson Lester as Jester Wife, and Justine Del Socorro as Heidi.

in a locked room and given a back-story with clues, puzzles, and hints to see if they can solve a quest. But there is something more personal about the play for Griffin, the play sheds experiences from those who have been touched with cancer, including herself.

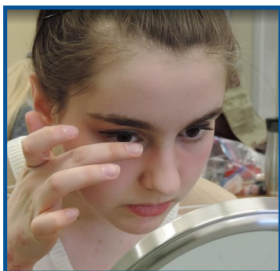

On Friday, March 16<sup>th</sup>, the cast and crew of *Bluebeard's Chamber* travelled to Wolseley SK to participate in a two-day Regional Drama Festival,

competing with six other plays. Hanley Drama Club once again won Regionals and will compete in the Provincial Festival at the beginning of May.

Griffin is proud of her cast and crew this year and added “there will be an encore fundraising performance on Tuesday, May 1 at 7pm at Hanley School. Admission is \$10, with all proceeds going towards competing at Provincials.” (see poster pg. 15)

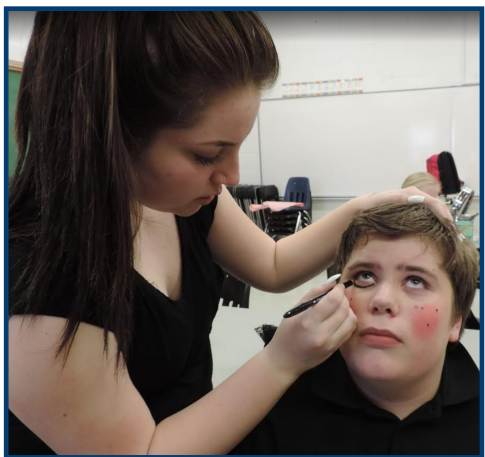

Co-Director Brandon Hutchinson and Director Leanne Griffin

Sophia Bodnarek who portrays Guide applies her stage makeup

Left to Right - Cameron Heo as Isaac, Kristine Jones Del Socorro as Shandra, Zach Armada as Quinn, and Justine Del Socorro as Heidi.

Make-up Artist Taylor Lindberg applies Jackson Lester's stage makeup

## CAST & CREW

### Back Row Left - Right:

Hailey Englot, Taylor Lindberg, Brandon Hutchinson, Leanne Griffin, Hayden Pitzel, Lauren Griffin, Sophia Bodnarek, Alexandre Litster-Paramor, Emily Collis.

### Front Row Left - Right:

Jacob Farnsworth, Jackson Lester, Justine Del Socorro, Kristine Jones Del Socorro, Zach Armada, and Cameron Heo.

**Missing:** Akira Patry

Main Actors - Lauren Griffin as Kate & Hayden Pitzel as Bluebeard

**Congratulations to the cast and crew of Bluebeard's Chamber for winning the following awards at the Region 5 Drama Festival:**

- Tech Award of Merit: Alexandra Litster-Paramor
- Best Tech Crew: Bluebeard's Chamber
- Best Stage Manager: Hailey Englot
- Best Tech Production: Bluebeard's Chamber
- Runner-Up to Mary Ellen Burgess for Best Actor: Lauren Griffin
- Best Overall Production: Bluebeard's Chamber

## MP - TOM LUKIWSKI

### What Can Your MP Do for You?

Some people are under the false impression that MPs don't do much

except show up to vote in Ottawa. The reality is that MPs and our staff have very busy jobs working on behalf of their constituents in a wide range of ways. MPs are public servants so it's important that everyone in the Moose Jaw-Lake Centre-Lanigan constituency understand the services my office can provide.

The first and most important job an MP's office provides is as a liaison between the public and government departments. If you have a problem with a federal government department, you are of course free to deal directly with that department and that's probably the best place to start. But dealing with federal bureaucracy can be confusing and frustrating. My staff has extensive experience with the ins-and-outs of

government and have a number of personal contacts – they know the right places to go to speed problems along. Of course, we cannot guarantee that we can always fix the problem but it can save you a few steps.

Some of the areas in which my staff can help you include:

- Canada Pension Plan
- Old Age Security
- Passport Canada
- Employment Insurance Benefits
- Citizenship and Immigration
- Canada Student Loans
- Canada Revenue Agency
- Guaranteed Income Supplement
- Veterans Affairs

My office can also help if you are part of a group that will be representing Canada abroad. For example, if you are a teacher leading a class trip to another country, we can arrange for Canada pins and flags for students to either wear

themselves or give as gifts.

Even though I am not a member of the government, it is my responsibility to represent the federal Parliament of Canada at any special occasions or events in the constituency. If you have an event that you would like me to attend as your MP or to send greetings, please email me an invitation.

If you or a loved one is approaching a milestone birthday or anniversary, please feel free to contact my office to request special greetings. Depending on the milestone or event, congratulatory messages can be arranged to come from me, the Leader of the Opposition, the Prime Minister, the Governor General or, in certain very special circumstances, Her Majesty the Queen.

Finally, we are here to help you make your voice heard in Ottawa. If you have a concern, letter or petition that you would like brought to the attention of the federal government, please let us know and we would be happy to assist.

## HANLEY PRINCIPAL - CHRIS TUCKER

We'd like to welcome a few staff due to some changes taking place. Mrs. Martineau started her maternity leave and was replaced by Mrs. H Martineau and Mrs.

Burgess. We made some other announcements at our last assembly. Mr. Tyndall will be taking the last few months of work to go back to school - he'll be replaced by Mr. Holtzman who interned here this fall. Mrs. Battersby is

leaving on maternity leave in April and will be replaced by Mrs. Button who also interned at our school this fall. A big welcome to everyone from the staff, students, and parents to Hanley Composite School.

Congratulations to the Drama club for winning the Regional competition! They are off to Provincials again and we look forward to hearing about their performance in Regina. Break a leg! Our Athletic programs are also moving right along as Curling was wrapped up after

our teams again represented well at Districts and Regionals. Way to go everyone! Badminton is in full swing as well with junior and senior playoffs the third and fourth weeks of April, respectively. Track & Field will be starting at the end of next month if the field and the pits dry up.

For further information and updates from the students and classrooms, check out our school website at:

<http://blogs.spiritsd.ca/hanley/>

## DUNDURN PRINCIPAL - CHERYL SHIELDS

**Marching into Literacy** was our school wide focus this month. 'Make Reading Fun! Reading and writing every, single, day.' – was our theme. We started the month with in 'tents' reading in the gym. Other events throughout the month included: We Can Read 1000 Books Challenge, reading with puppets, free book give away draws, 'New to Me' Book Exchange, Book Fair, visiting actors from Shakespeare on the Saskatchewan and the Tournament of Poems. A special edition of the Dundurn School Dispatch gave research and tips to do at home. Special thank-you to Joan Falk and Adeline Schroeder, for organizing and running a spectacular Book Fair!

### Parent/Student/Teacher

**Conferences.** We appreciate this opportunity for parents/guardians, students and school staff to

connect and celebrate the progress and work students have completed so far this school year. Students are so proud to show their family what they are learning. It brings importance to their accomplishments and highlights the value of education. We want to take every opportunity to talk about the good things that are happening at Dundurn School!

The **next SCC meeting** is May 9, 2018 (5:00 – 6:30). Everyone is welcome!

Please refer to our school webpage for further details regarding the school

([www.spiritsd.ca/dundurn](http://www.spiritsd.ca/dundurn)). As well, contact us at the school with any questions or concerns that you may have.

### Important upcoming dates:

April 3-6 Easter Break  
April 9 Classes Resume  
April 11 Pizza Lunch

April 20 Earth Day/Town Clean-up  
April 25 Sub Lunch

**We are always looking for good people, interested in causal work** to join our school team:

- Caretakers
  - Educational Assistants
  - Administrative Assistants
- Please apply on-line at

<https://www.spiritsd.ca> or set a time at the school to complete an electronic application form. We are here to help you with the application process.

## MLA BRONWYN EYRE

Spring is a time of renewal and new beginnings, and this Spring Sitting of the Saskatchewan Legislature is no

exception.

A new Premier, a new Leader of the Official Opposition, and three new Saskatchewan Party MLAs were recently welcomed to the Assembly in their new roles. Members of the Assembly have also elected a new Speaker and stand ready to welcome our new Lieutenant Governor.

Our government is focused on continuing to pursue our three-year

plan to balance the budget while keeping the Saskatchewan economy strong and growing, in contrast to the Opposition's plan, which would lead to \$2.5 billion more spending every year and, as a result, unsustainable borrowing that would weaken our strong fiscal foundation and burden our kids and grandkids with higher taxes and lost opportunities.

The Opposition continues to advocate for a federal carbon tax, which would drive many of the job-creators who support Saskatchewan families out of this province. We stand by our Made-in-Saskatchewan Climate Change Strategy and the priorities of

Saskatchewan people.

We will meet the fiscal challenges we face by controlling government spending and continuing to support the hard-working people of Saskatchewan. Saskatchewan's finances continue to be on track in 2017-18, confirmed by a smaller deficit forecast in the recently released third quarter financial report. On April 10, we will deliver our 2018-19 Budget.

I welcome your feedback on these and other issues.

Please be in touch with any questions, concerns, as well as personal milestones.

## COMPLEX STEERING COMMITTEE EVENING DRAWS ATTENTION

Photo's Walter Litke

On March 8<sup>th</sup> the Town of Dundurn hosted a meet and greet to residents of the Town, RM, Shields & Thode who expressed interest in joining a steering/fundraising committee to help continue the new Sports Arena project in town. Mike Kuzma was the MC for the evening and he along with Town Councillor Annette Hamilton, produced a slide show of project highlights along with some history of how the current Dundurn Sports Centre was built.

Several long-term residents of the RM were on hand and remembered that the current arena started with a grass roots community effort with several committee members putting up their homes as collateral for the loan with one farmer donating a quarter of land. There were dances, big BBQ's, beef and pork draws, kid's walkathons and donated money. In attendance was Gary Freeden, a long time Dundurn resident, who is well known in the community for his mega skills at selling tickets for hockey fundraising events. Although he said he was there this time just to listen and let the younger gener-

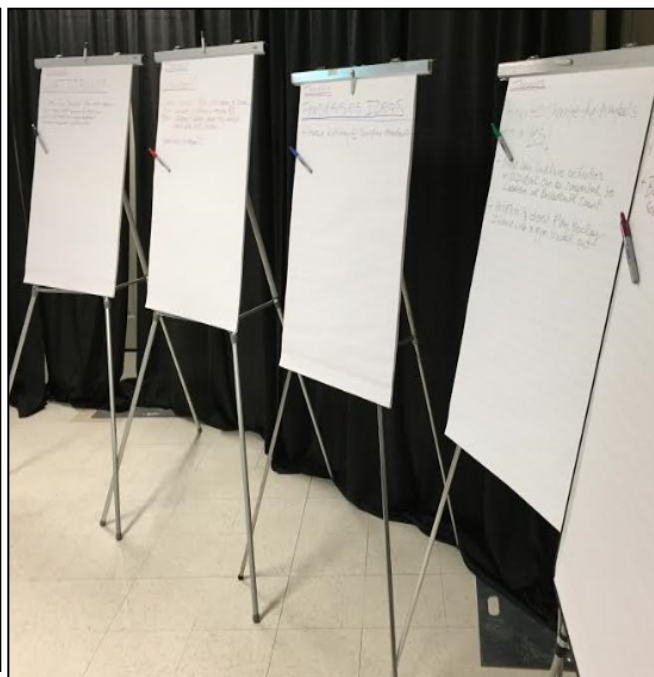

ation handle things, he received a round of applause and recognition from the group for all his past efforts at raising funds.

The town had copies available of their new arena business plan along with some quick note material on what a steering committee is and several renderings of arenas from past presentations. Several idea charts were available for anyone who wanted to participate. Some topics included: Fundraising ideas, Other sporting needs, Location – pros & cons, etc.

According to the plan the project cost is \$6.73 million, and the town believed a loan of \$5.47 would be manageable based on

projected revenues. \$1.26 million would have to be raised from another source such as fundraising/donations. The land and infrastructure is not included in the cost as it will be provided by developers from Sunshine Meadows. Several comments were made that a time limit on fundraising should be in place as there is no point fundraising for years as the cost of the project would increase by any fundraising gains made. The evening was full of positive energy and good discussions on building ideas. At the end of the evening those who wanted to commit on a steering committee submitted their names to be contacted. The town has said they would arrange another meeting with the interested parties in the coming weeks.

### BLACKSTRAP COVENANT CHURCH - PASTOR ANDY GILKINSON

It happens to be one of those rare times where April Fool's Day and Easter happen to fall on the same day. It had not passed my attention that there are some, including some of my friends and family, who would see this correspondence as entirely appropriate. The idea of Jesus being physically raised from the dead appears to be an idea so bizarre that it should be considered something akin to an April Fool's Day prank. However, for the Christian person, the resurrection of Jesus is essential to our worldview. The apostle Paul said the following, "if Christ has not been raised, then your faith is useless." (1Cor 15:17). The logic is clear and compelling: If Jesus was not raised from the dead, then Christianity should not be taken seriously and could simply be disregarded as a relic from an unenlightened age.

Personally, the resurrection of Jesus is something that I have wrestled with. However, in my search, I have come to be intellectually and historically convinced that Jesus was physically raised from the dead. Let me share with you two reasons among many. The first is that Christianity started in Jerusalem,

where Jesus was killed and buried. To disprove the resurrection, you'd only have to walk a few feet to Jesus' grave. If the resurrection is false, Christianity should not have made it beyond Jerusalem's walls. The second is how the vast majority of the apostles were martyred for claiming Jesus was raised from the dead. In the first century, there was nothing to be gained for the apostles as they shared the resurrection. In fact, as one reads through the New Testament, it is obvious that following after Jesus caused the apostles great pain and suffering. If the resurrection of Jesus was a lie, why give up your life for it? In our age, we have seen groups of people give up their beliefs under much less pressure. Space will not allow me to explain all my historical reasons for belief in detail, but if you are interested in exploring this topic further check out [reasonable-faith.org](http://reasonable-faith.org) or feel free to contact me to have a conversation. I would enjoy hearing your perspective.

But why does the resurrection matter anyway? Tim Keller observes, "I always say to my skeptical, secular friends that, even if they can't believe in the resurrection, they should want it to be true. Most of them care deeply

about justice for the poor, alleviating hunger and disease, and caring for the environment. Yet many of them believe that the material world was caused by accident and that the world and everything in it will eventually simply burn up in the death of the sun. They find it discouraging that so few people care about justice without realizing that their own worldview undermines any motivation to make the world a better place. Why sacrifice for the needs of others if in the end nothing we do will make any difference? If the resurrection of Jesus happened, however, that means there's infinite hope and reason to pour ourselves out for the needs of the world. (*The Reason for God*, 220). May the church live out the true power of Jesus' resurrection.

*Announcement: VBS 2018: Shipwrecked! will be taking place July 9-13. More details will be coming shortly. We look forward to seeing your children there!*

## Notice of Preparation of ASSESSMENT ROLL

Pursuant to subsection 217(1) of *The Municipalities Act*, notice is hereby given that the assessment roll for the Town of Dundurn for the year 2018 has been prepared, Assessment Notices sent, a Bylaw passed pursuant to section 214 of *The Municipalities Act*, and the roll is open to inspection in the office of the assessor from:
