WET WEATHER DIDN'T DAMPEN DUNDURN'S CANADA DAY SPIRIT!

Submitted by
Betty Blackstone

The Canada Day event organizers held out hope that heavy rains would not come, but alas they did causing some last minute changes. Some outdoor games and the parade were cancelled, to much disappointment. The pancake breakfast was still very busy feeding many hungry families with the Lions Barn turned into an indoor stage area for the talent and cookie wars contest. The Lumberjack skills games went on rain or shine and kids

were thrilled to try out their ax throwing and log rolling skills. The sports arena turned into an amusement park for families with last minute changes to several inflatables by Astro Jump so that they could fit inside the arena. The kids sure didn't mind staying dry as the place was packed.

The Lions Barn was buzzing with summer tunes from DJ Connor Rice Rice Baby, with the Culture Club serving up an excellent summer BBQ.

Brenda Presnell led the crowd with singing Oh Canada before the talent show kick off. Six entries competed for prizes with Steve Olson taking 1st, Alana M. Leask 2nd, Rhonda Morari 3rd and the band Bishop 4th. Bakers Lana Kurz won 1st for her Rhubarb Oatmeal Pecan Cookie, Lindsay Briggs 2nd for Rootbeer Float cookies, and Marilyn King Peters 3rd with Chocolate Chip.

The pie eating contest was a go as the sun came out late afternoon with Daniel Laverty who was visiting from England winning 1st, with his buddy Ryder Cooper winning 2nd and Calleigh Roepe winning 3rd.

The town wishes to thank all that came out to celebrate and to Heritage Canada and Sask Lotteries for grant funding. See page 16 for more pictures.

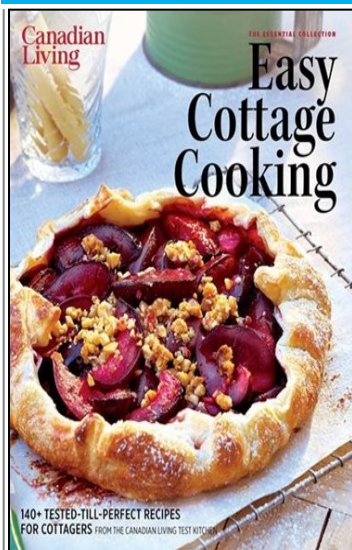

The band BISHOP gets the crowd going

Town of Dundurn like us on

LIBRARIAN'S CORNER - BOOK REVIEW

Whether they call it a cottage, camp or cabin, Canadians love to get away to a place where they can kick back, enjoy food and fun, and reconnect with family. The best cottage meals are relaxed, unfussy and easy to prepare quickly. Cottagers tell us they want to spend less time in the kitchen and more time enjoying the outdoors, while still serving tasty and healthful dishes.

A bold and graphic farm-to-table story, told entirely in words beginning with the letter "s"!

From sowing seeds in spring to savoring succotash, follow the creation of a family meal from the farm to the picnic table on a warm summer evening. Told entirely in words beginning with the letter "s", this book will give children an appreciation for the process by which their food travels to the dinner table.

MAYOR- PER VINDING

Greetings again,

A big welcome to our summer students Justin Presnell and Rylen Bellina. I hope your time with us this summer will be enjoyable.

We have started a marketing campaign on the radio to promote our town. Listen for the ads on CJWW AM 600, 98 COOL FM, 92.9 FM THE BULL. This will run for three months.

Our digital speed sign with data logging has been ordered and will be put into service when it arrives. Council has decided not to put in speed bumps at this time. We'll start with the speed sign and see if that curbs the speeding.

Council has sent a letter to the Province supporting the efforts of the Provincial

Association of Resort Communities of Saskatchewan (PARCS) to have stronger measures in place to stop the spread of zebra mussels in our lakes and rivers.

We are still in the process of gathering information in preparation for the upcoming mediation with the corporate partners of the DAWWU.

Council has worked on and approved the 2018 budget. The mil rate stays the same at 10 mils. The minimum tax will increase by \$50 per year for residential land and by \$100 per year for commercial land. Our Revenue Sharing grant from the Province has dropped by \$8,840 this year. Our 2017 & older outstanding taxes are at \$71,774.

The Steering Committee for

the new rink is having its first community fundraiser kick off on July 28/18 with a dinner and dance. Hopefully, everyone can come out and participate.

Thank you to Sunshine Meadows for hosting their Fun Day and BBQ. I trust everyone enjoyed the BBQ and had a chance to tour the great houses.

Thank you to the Lions Club for allowing us to use the Grounds for our Canada Day celebrations and a thank you to the Culture Club for manning the concession.

Also, a big thank you to the staff at the Town office and all the volunteers who helped with the festivities. It couldn't happen without you.

Until next time, have a great day, eh?

DUNDURN NEW SPORTS COMPLEX ANNOUNCES FIRST FUND RAISER

By
Glenda Pryor

The New Dundurn Sports Complex steering committee have been busy finalizing their first community fundraiser to kick off a series of events planned to raise funds. To bring everyone together, the committee will hold a family dinner, dance and silent auction on Saturday July 28th 2018 at the Dundurn rink, doors open at 5:00 pm with dinner at 6:30 pm.

Tickets for the dinner can be purchased at the Town office before

July 20th. Adult dinner is \$25 per person and will consist of steak, baked potato and salads. Children dinner of burger and salads is \$10 per child under 12 years of age.

The evening's entertainment will feature **HOT ROD HULLABALOO**. The band has a sound steeped in traditional rockabilly, with a healthy dose of subtle humour in their lyrics. *Hot Rod Hullabaloo* has managed to create a unique brand of roots-driven music that engages their audience. The dance starts at 9:00 pm following the dinner, admission is free with dinner ticket purchase or tickets for the dance can be purchased at the door for \$10.00.

Arrive early and browse the items up for the silent auction, top bidder will be announced after dinner. Donated

items will be greatly appreciated for the silent auction please contact: the following committee members:

Carolyn Cartwright
czj567@mail.usask.ca,
Barb Gelston
barbaragelston@hotmail.ca, or
Annette Hamilton
ahamilton@townofdundurn.ca.

Also drawn that evening will be the 50/50 winner. (see poster pg 6)

The next fundraiser planned is a community garage sale on August 28th at the Dundurn rink. The sale starts at 9:00 am till 3:00 pm. They are requesting **useable** donated items for this event, please contact:

Carolyn Cartwright
czj567@mail.usask.ca

and she will set up a time for drop off starting on July 30th.

Yousuf Mohammed, anxiously awaits the completion of the flax seed warehouse, located on Tamke Road, across from SIR (Saskatchewan International Raceway).

DUNDURN AREA GAINS NEW FACILITY FOR PROCESSING FLAX SEED

By
Glenda Pryor

There's a new facility being built in the RM of Dundurn and is scheduled to be fully operational by September of this year. The facility, a flax seed crushing plant is owned and operated by Ming Hai Inc., and will have the capability to crush 25,000 tonnes of flax per year when completed. The state of the art facility will be exporting the extracted oil to Asia, their major buyer, and the remaining meal will be sold as feed for cattle, chicken, and other livestock.

Yousuf Mohammed, business development manager for Ming Hai Inc., said they chose

this site as it's off a major highway and easily accessible to all farmers within the province.

They recently purchased a new truck and trailer to haul the seeds to the plant and installed scales which are monitored by the Canadian Grain Commission to ensure proper accuracy of all grain being weighed in when it arrives at the plant.

Their goal is to buy the produce directly from local farmers at the most competitive market price offering and would like more farmers in the area to produce flax, but until then, they will purchase the majority of flax from farmers around Saskatchewan.

Ming Hai Inc. has already hired three locals to work at the plant, and will recruit two to three more people from the surrounding area before the plant starts operation. It's all about helping the community, the farmers, and watching success grow.

HANLEY PRINCIPAL - CHRIS TUCKER

It looks like this is the last newsletter for our 2017-18 school year. We are in the middle of what has been a very fun-filled and exciting month of trips, barbeques, special days, orientations, a graduation. Track and Field and just a large number of special events that are planned in efforts to fill as much fun and experiences into the last few weeks.

I again want to take a moment to thank you for the wealth of support and cooperation that you as parents and community members provide us with as we make efforts to help and support your students. I've lost track of all the guest speakers and live-stock trailers that have made their way to the school to help show our students about real life examples from outside our walls. I'll repeat part of my message from graduation which was the important part – I'm proud of our school and I'm proud of the growth of our students. I look forward to another year as Principal here and look forward to working with each of you to make our school the best place for learning that we can.

Congratulations to our graduating class as they move ahead to life after high school. Many of them have plans that include further education. Whatever they do I know they're picking something that they want to do. And as Mr. Tyndall said – Don't be late! Thank you to Mrs. Prakash and help from

Mrs. Schraeder and Mr. Herman and so many others for your part in making it a wonderful day for them.

Each year brings with it some staff changes and this fall will be no different. We will make some class changes that will focus on keeping our student numbers as low as possible. That will lower our pupil-teacher ratios and make for the best chances for students to excel. Mrs. D Martineau will continue on maternity leave next year and we'll see Mrs. Koroll return. Miss Mac-Donald has accepted a position in Warman for next year. Mrs. McCubbing will have a permanent place on our staff starting this fall but will be away on a maternity leave of her own next year. Mrs. H Martineau and Mrs. Burgess have done a wonderful job this spring and I thank them for all their hard work! Mr. Tyndall will return from his educational leave and take over from Mr. Holtzman who was filling his position this spring.

We welcome Mrs. Button to the SERT role permanently starting this fall, and will welcome three new teachers who will work in the elementary end next year. That wraps up our staff changes so far for the fall and I look forward to the new faces (both students and staff) in the halls. Thank you very much to those staff who are leaving – we absolutely enjoyed having you join our school!

Report cards for grades K-9 are scheduled to go home on the last day of classes, June 27th. The grade 10-12 report cards can be

picked up Friday morning on June 29th. We will mail the high school report cards to families who provide us a self-addressed stamped envelope if they don't plan to be picked up that morning. Any report cards that aren't picked up or mailed out will be held until September and sent home with students at that time.

I'm hoping that when students and staff are able to get away to start their summer that the weather will also cooperate and give everyone a chance to enjoy some warm sunny days in July and August. I have some plans to get some fishing and golfing in this summer with my boys and my wife Kara has already asked about a few projects around the house and yard we can tackle.

I'd like to express my appreciation again for your support of our school and staff every year. Please continue to keep the lines of communication open with us as we make the best choices we can for the education of your children. We invest a lot of ourselves in their growth and care about them and their success as much as you do. Well, that's all for now. For further information and updates from the students and classrooms, check out our school website at <http://blogs.spiritsd.ca/hanley/>.

As always, Mr. Anderson and I would love to talk to you if you have time to drop by the office or give us a call. Take care and I'll talk to you soon.

WILSON MUSEUM NEWS

Submitted by
Ray Moskowec

Summer is officially and finally here with the advent of June 21 according to the Calendar! Nice summery days are warm, thunder showers a plenty and most of the spring seeding is done. The opening of the Wilson Museum which normally happens on the Victoria Day week-end got off to a slow start as everyone knows that our museum is operated by volunteers whom are elderly and of course, as with most elderly people, regardless of how many have the mind of a 27 year old, health and old age tend to put a damper on well laid plans of mice & men.

The end result is that the museum and campgrounds have been in operation

since then, the campground seeing a lot of activity as people are starting to take their vacations, contractors are taking on contract work which in a northern country like Canada, most projects have to be completed in the summer, so, the board is happy that at least the campground is open and being utilized early in the Spring and for the rest of the summer. The museum was open for a full scheduled time on Sunday, June 24, seeing about 6 visitors coming into the museum for a view of the exhibits (old and new) and some research of materials held in the museum. The tour guide, some old fellow with a walker and cane, gave the visitors a tour and the museum received about \$30.00 in donations from the visitors. It is hoped to have the museum schedule of being open on Saturdays, Sundays and holidays 12:00 - 4:00 pm for the rest of the summer. Keep an eye out for the "twirling" neon green sign at the intersection of Government Road and side street leading to the Museum, stop in for a visit, even if you have been

to the museum before. Remember, it's DUNDURN's museum for your viewing pleasure, come one and all, tell your friends, neighbors, enemies that Wilson Museum is open for business!

The Wilson museum board met on June 15th and at the meeting, the following was decided and approved to be done during the up-coming summer (of course, if the health of the elderly volunteers stays good); repairing and the painting of the big barn, repair the front porch of the main building, some maintenance and painting of the school, making pads for the machinery in the machinery park, a new handicap ramp, recover the building materials for the proposed blacksmith shop, install sewer check valves in the campground, staining and repair of the picnic tables, and getting rid of the rusting BBQ's in the campground.

Events happening at the Wilson Museum:

Resumption of Community Bingo, July 25th (Last Wednesday) at the museum, participate in July 1st Parade; and PENNY FAIR DAYS, Saturday, August 11, 2018. (Posters and more to follow). Exciting summer....YES!

An addition of an operational 1946 W6 McCormack Tractor that has been donated by Mr. Andy Lawrence and son Scott Lawrence to the museum which hopefully will be involved in the July 1st Parade. See you there!

So, in conclusion, as you can see, the old "spark plug" Seniors hope to see the museum continue being a vibrant entity for the community of DUNDURN and area, so come out and visit the museum, support it's events. It's there for your pleasure only and the rest of society, most of all, it's FREE!

BRONWYN EYRE, MLA SASKATOON STONEBRIDGE DAKOTA

Report from the Legislature

Students across the province are finishing exams and preparing for graduation. Our government is committed to keeping post-secondary education accessible and affordable.

The Saskatchewan Advantage Scholarship provides high school grads with up to \$500 per year, for four years, towards their tuition at a Saskatchewan post-secondary institution. It is expected to help over 21,000 Saskatchewan students reduce their tuition costs this year.

In addition, if students choose to live and work in Saskatchewan after graduation from a post-secondary institution, the Graduate Retention Program provides a tax credit of up to \$20,000.

I would like to congratulate the Class of 2018. Best wishes for a bright future in Saskatchewan.

People around the province are finalizing summer plans, which will likely include visits to Saskatchewan Provincial Parks.

Calendars with special event and program details are now available Online, so that visitors can plan their trips and enjoy a wide range of activities.

Throughout the 2018 camping season, Camp-Easy equipped campsites will be available at Buffalo Pound, Echo Valley and Pike Lake provincial parks.

These sites include a large canvas tent on a wooden platform, six sleeping cots, a screened dining tent, a camp stove and propane tank, a lantern, wash bins, camp chairs and roasting sticks.

Closely located to urban centres, Camp-Easy sites are more accessible to families and new campers who do not own equipment or aren't sure if camping is for them, but would like to give it a try.

Another unique experience brings Top of Form nature and comfort together in a brand new, Mongolian-style yurt in Great Blue Heron Provincial Park. The yurt is a great opportunity to experience beautiful Anglin Lake in comfort and style with minimal packing and preparation required.

The yurt, which sits on a large deck and is furnished with a queen-sized bed and two double-sized futons, comes equipped with a table and chairs, small fridge, electrical outlet, electric heater and battery-powered lamps. Washrooms, showers and potable water taps are located nearby.

To learn more about all of the programs and new offerings in Saskatchewan Provincial Parks this summer, be sure to visit saskparks.net.

Have a great summer!

New water saving pots

(continued from page 2) and enhance visitors experience to the town. They were successful in the early years, winning many awards in CIB provincial competitions.

Throughout the years the CIB received donations towards the development of

a Memorial Park, however costs proved to be too great for the small group. With CIB's remaining funds, they have purchased 18 water-saving municipal quality pots from Equinox Desert Planters for \$6,500 and donated them to the town. Several have been potted

around town, with more to come and the town will now take over the planting and upkeep through a Parks Committee and Public Works Services.

"It's sad news to bring, but we are proud of our 15 years," said committee member Melva Richmond.

2018 SASKATOON EX
Tuesday Aug. 07 - Sunday Aug. 12
PRAIRIELAND PARK, SASKATOON

Open at noon
DAILY

**MP - TOM LUKIWSKI, CONSTITUENCY OFFICE KENASTON****306-252-2626****Summer Wrap – UP**

We have reached yet another end to our Parliamentary session. Looking back, I am proud to say that

Canada's Conservatives have worked hard on behalf of families across Canada. Our team was united and strong while we held Justin Trudeau's Liberal government to account for their failures.

I am excited for the summer in Moose Jaw-Lake Centre-Lanigan – to spend time with my family, and have the chance to catch up with my constituents and friends.

But we also know that families, workers and communities across the country are asking for help, as Justin Trudeau's failure continues.

Justin Trudeau's policies have made it harder for Canadian families to make ends meet.

He promised Canadians that he would borrow a "modest" sum of \$10 billion dollars per year. And yet, Canadians found out this year that he plans to add an additional \$450 billion to Canada's national debt, while running deficits until 2045.

Shockingly, the Liberal budget announced that the deficit this year is \$18 billion, which is three times higher than what Justin

Trudeau promised to Canadians.

And while government spending has increased by 20% over the last three years, little of it has actually gone to what he said it would. In fact, only 2% of this additional spending went into genuine infrastructure projects that would help grow the economy or create jobs.

Even worse, more than 90% of hardworking Canadians found that their taxes have increased. This doesn't even take into account all of the other new taxes that Canadians will face like the national carbon tax, which will cost the average family more than \$2,500 a year.

Unfortunately, Canadians are still left in the dark about the actual cost of this tax. Despite being asked to reveal details about the cost of the carbon tax over the last two years, the Liberal government has refused to disclose any information. They are hiding the truth.

In the same underhanded manner, Justin Trudeau snuck a five-year equalization plan into his omnibus budget, without telling anyone or consulting anyone. This plan will continue to penalize provinces like Saskatchewan and Alberta that are forced to subsidize so-called "have-not" provinces like Ontario and Quebec.

And as if living costs weren't high enough,

Justin Trudeau recently announced that he plans to use taxpayer dollars to buy the Trans Mountain pipeline project. This decision will force Canadians to pay \$4.5 billion for his failure to champion Canada's natural resource sector.

Justin Trudeau and his Liberal government have failed Canadians. They promised families that they would help them but they just keep taking more from them.

Canada's Conservatives know that this is wrong.

We don't want to see the Liberal debt be passed down to our children. This is why we are sharing our positive Conservative vision with Canadians. One that puts people before government, and fights to create opportunities and prosperity for everyone – no matter who they are, where they live or what they do for a living.

And while the Liberal government continues to make life more expensive, we will fight for lower taxes and balanced budgets so that hard-working families have the money to save and invest for their children's futures.

We know what it means to make sacrifices to ensure that our families have financial security. That means that Canada's Conservatives will always put the needs of Canadian families first. That is who we are, and that is who we fight for.

FAMILY FUN AT SUNSHINE MEADOWS

Submitted by:
Lisa Brumwell

On June 16th, Sunshine Meadows hosted an amazing Family Day BBQ and Open House event complete with face painting, balloon animals and a bouncy castle. 92.9 The Bull and 98 Cool FM were broadcasting live on location helping to showcase this event. Nine custom built spec homes were open to the public to

take a look around at all the high quality features and amenities these homes have to offer.

The owners also put on a spectacular BBQ. The burgers and hotdogs were much enjoyed by all. Their kindness and hospitality was above and beyond. The feedback was very positive and everyone who attended was pleasantly surprised by what this up and coming family community has to offer.

The building block for every community is Family! And it was amazing to see so many families come out and enjoy this special day.

BLACKSTRAP COVENANT CHURCH - PASTOR ANDY GILKINSON

Summer is all about adventures, whether vacationing with family and friends or simply heading out to the lake. At Shipwrecked Vacation Bible School (VBS) on July 9-13, your kids will experience summer adventures each day. At VBS, there will be many activities from new songs to games outside to daily snacks and crafts. Together, we will discover cool facts about various creatures like toucans and stingrays. We will also be raising money for Kernels of Hope, a non-profit organization that provides food and

agricultural training for families in Kenya, Tanzania and Ethiopia. Finally, we will hear amazing Bible stories of adventure, heartbreak and celebration, all culminating with the idea that Jesus rescues everyone who calls on him.

This will be a fantastic week together and Blackstrap Covenant Church would love for your family to be a part of it. If you have any questions or concerns, please contact Pastor Andy Gilkinson by email at: andygilk@gmail.com or by phone: (306) 544-4203. We look forward to seeing you there!

TIPS FOR BEATING THE HEAT

- Give your oven a summer vacation. If you cook, use the stovetop, the microwave, or a barbeque.
- Shut the lights off or change the bulbs. Long-lasting compact fluorescent bulbs produce about 70 percent less heat than standard incandescent.
- Stay hydrated. Swig often to replace the moisture that you lose as you perspire

**SASKATCHEWAN
PARKS**

Our provincial parks offer a wide variety of summer recreation, from fishing in the pristine waters of northern Saskatchewan, wakeboarding at Lake Diefenbaker, to splashing in a heated public pool and with well-maintained courses and more days of sunlight than you can shake a club at, there's no place like Saskatchewan's Provincial Parks to tee off.
