## BEACH CAFÉ RIDING THE WAVE OF SUMMER

By  
Glenda Pryor

It's just before noon as Anita Derksen turns the key to unlock the doors to JT's Beach Café, located at Blackstrap Provincial Park's main beach. Anita prepares for a day's work ahead of her and

no sooner does she open for business, people are lining up outside the café to purchase freshly made popcorn, hotdogs or ice cream and snow cones to cool down.

JT's Tasty Treats and Dickie Dee's ice cream owned by Josh Turner has been at the main beach location for the past two years. The first year he had a trailer at the location, but made big changes for this summer. He purchased a Sea-Can and converted it, built a huge deck and painted the outside to make the Beach Café welcoming to all.

The Café provides some the necessities for a day in the park making it convenient for beachgoers, selling bagged ice, charcoal briquettes, marshmallows and even has beach chairs and towels rentals. During the weekend, Tasty Treats ice cream truck rolls throughout the park, plus a Dickie Dee bike goes through the town of Dundurn.

If you haven't had a chance to check out the café, its open Friday's to Sunday's from 12:00 to 6:00 pm and will continue to remain open until the weather holds out.

## LIBRARIAN'S CORNER - BOOK REVIEW

From the moment Fred (never Winifred) spots a scruffy little mutt with sad eyes, she knows she's in big trouble. Toby's in bad shape, and Fred longs to rescue him from the old man with the mile-long mean streak who lives next door. By Margery—the straight-talking woman who is fostering Fred—says going over to their house is against the rules.

## Defending Her Was His Duty!

Skilled with a sword and quick with her wit, Scottish rebel Claire Stuart cannot be tamed. And nothing can deter her from rescuing her beloved sister and saving them both from arranged marriages - not even the handsome Highlander who vows to protect Claire. His scorching gaze and fiery kiss brings her to the brink of surrender, but she belongs to no man.

## MAYOR TOWN OF DUNDURN - PER VINDING

Hi folks,  
I hope you've had a good summer,

so far.

We have received our digital speed sign. It will be placed in some high traffic areas in Town once the set up is complete.

Council has appointed a Parks and Beautification Coordinator. The flowers in

the new water conserving flower pots look great.

Kudos to the New Rink Steering Committee for putting on the Dine and Dance on the 28<sup>th</sup>. It looked like everyone had a good time.

Some notices have gone out to some nuisance properties to get them cleaned up.

The Rink and Landfill transfer is now complete. The RM is now the sole owner/operator

of the landfill and Town is the sole owner/operator of the rink. Waste from Town can still be taken to the landfill.

We are looking for members to establish a Dundurn Community Association. This will be a volunteer membership to help with community events and local sports, etc. Stay tuned for further information.

Until next time, have a great day, eh?

## SASKATOON BERRIES

Each summer, sweet, nutty Saskatoon berries are a much-anticipated wild treat.

Whether you pick these juicy gems in the woods or bring them home from the farmer's market, here is a recipe to enjoy these luscious Prairie berries.

**SASKATOON BERRY MUFFINS**

**Ingredients**

1/2 cup [rolled oats](#)  
1/2 cup orange juice  
1 1/2 cups [flour](#)  
1/2 cup [sugar](#)  
1/2 teaspoon [salt](#)  
1/4 teaspoon [baking soda](#), and  
1 teaspoon [baking powder](#)  
1/2 cup vegetable oil  
1 [egg](#), beaten  
1 1/2 cups saskatoon berries  
2 tablespoons [sugar](#)  
1/4 teaspoon [cinnamon](#)

**Directions**

Soak rolled oats in orange juice.

Stir the dry ingredients together. Make a well in the centre of the dry ingredients.

Pour in the rolled oats mixture and the Saskatoon berries.

Fold together being careful not to overmix.

Spoon the mixture into 12 large muffin cups. Mix the last measurement of sugar and the cinnamon together and spoon on top.

Bake at 375F for 18 to 20 minutes.

## GETTING INTO THE SPIRIT

### THE ART OF CRAFTING A PREMIUM PRODUCT

By  
Glenda Pryor

When two friends - a realtor and an entrepreneur - decided to open a distillery, they never imagined how fast the product they envisioned to produce would be in such high demand. That is exactly what happened when Reagan Hnatiuk and Dwight Shiels decided to distill a 150-year-old vodka recipe using the best of modern technology.

The formula worked! So well in fact, that their product *Whitetail Sure Shot Vodka*

and other products are sold in over 70 liquor outlets throughout Saskatchewan. The number is quickly rising and outlets are making orders in Alberta and British Columbia. Whitetail Sure Shot liquor is also being served as the house spirit in five restaurants in Saskatoon. The businesses marketing agent and realtor with Reagan, Mark Haughian is another key component of the business, "in one afternoon he secured six more outlets and this happens every week" stated Reagan Hnatiuk.

It's been a quick seven-month rise for *Whitetail Distillery Saskatoon*, which is located in the RM of Dundurn at HWY 11 and Tamke Road. When Reagan and Dwight started production one year ago, they caught wind of a spirit competition being held May 13<sup>th</sup> to 15<sup>th</sup>, 2018 in San Francisco, CA. They made the decision to enter their vodka and made the trek to California competing against 2,469 other spirit competitors from all over the world. A trip well worth taking as *Whitetail Distillery Sure Shot Vodka* won silver in the premium class. Reagan stated, "our product is getting easier to sell with the new title".

The venture doesn't end there! They are weeks away from receiving their liquor licence to serve beverages at Whitetail and have future plans of a restaurant. For now, the Distillery is open to purchase their Whitetail products, and locally made beer and wine. Churchill Brewing Co. in Saskatoon is the exclusive supplier of beer with Blonde Lager, Plainsmen Pilsner, British Brown Ale and Rivermen Red Ale. Wolf Willows Winery near Outlook supplies two varieties of their wine, Cherry Red and Rhubarb White.

Reagan stated that giving to charity is their biggest reward. They donate as much as they can to various charities, such as

*SPCA, Cumfy Living, and The Boys & Girls Club of Saskatoon.* Reagan and Dwight believe in giving back to the community and supporting local businesses in the surrounding area as well.

# SUCCESSFUL DINNER & DANCE FUNDRAISER FOR DUNDURN'S NEW SPORTS CENTRE

By

Reaschelle Higginbotham

On Saturday, July 28th the new rink steering committee threw a heck of a bash!

Delicious steaks, macaroni salad and loaded baked potatoes rounded out an amazing meal prepped and cooked by members of the committee and volunteers.

107 adult steak dinners were served along with 22 kid's hamburger meals. Midnight lunch included an ice rink of cupcakes and barbecued hot dogs.

Band Hot Rod Hullabaloo gave a special performance to help raise money for this awesome cause!

There was also a silent auction, 50/50

and collection of door prizes to be won, making for an exciting evening.

The steering committee would like to issue a special thanks to all the donors of the prizes and equipment, the cooks (Fred Wilson, Brook Davis, Kurt Bessey, and Glen Cartwright), the Dundurn Barley Queens for their bartending services and the Dundurn Wheatkings for their help in the set-up and tear down of the rink. Thank you for your help to make our kick-off fundraiser a success!

Members of the new rink steering committee include Carolyn Cartwright, Barb Gelston, Fred Wilson, Laura Smith, Tania Cooper, Bonnie Kempton, Clayton Connell, Tanner Doroshenko, Matt Jurkiewicz, Annette Hamilton, as well as

various other volunteers including reps from the Dundurn Barley Queens and Dundurn Wheatkings.

The committee is actively seeking more community members from all areas of Dundurn, RM of Dundurn and the resort villages of Thode & Shields as well as the teams and entities that would potentially utilize the new facility. Please contact a committee member if you have an interest in helping fundraise for this community project!

To those community members that dedicated your support and anyone we may have forgot to acknowledge, you are important to us and we thank you!

## BRONWYN EYRE, MLA SASKATOON STONEBRIDGE DAKOTA

### Report from the Legislature

New analysis confirms why our government doesn't support a federal carbon tax and why it's challenging the tax in court. The University of Regina's Institute for Energy, Environment and Sustainable Communities finds that a federal carbon tax could potentially reduce Saskatchewan's gross domestic product (GDP) by almost \$16 billion, with little effect on emissions.

The Government of Saskatchewan, in conjunction with researchers from the Institute, looked at several detailed scenarios. The most conservative scenario shows a carbon tax of \$50 per tonne would reduce provincial GDP by 2.43 per cent, or \$1.8 billion annually. Total impact to the provincial GDP could reach approximately \$16 billion from 2019 to the end of 2030.

The study also looked at the potential environmental impact of a federal carbon tax and found it would reduce GHG emissions by less than one megatonne. This is approximately 1.25 per cent of Saskatchewan's total emissions and would result in a cost to

GDP of \$1,890 per tonne.

In addition to significant impacts on provincial and national GDP, research conducted at the University of Calgary confirms a federal carbon tax would cost an average Saskatchewan household more than \$1,000 per year.

The federal government has not incorporated specific provincial economic data in its modeling. Saskatchewan exports more than any other province as a proportion of its total GDP. In 2017, Saskatchewan exports made up 47.7 per cent of the provincial GDP.

Saskatchewan's 'Prairie Resilience' strategy will enhance our resiliency to climate change, result in actual emissions reductions, and ensure our industries remain competitive.

The Saskatchewan Party government understands the importance of high-speed internet and cellular connections both in business and in our personal lives. Too many rural areas still have poor cellular coverage and slow internet service, which is why we're working with SaskTel to expand and enhance its network.

Last year, we announced a four-phase

initiative to provide rural Saskatchewan communities with enhanced access to communications services. This work started with a SaskTel-led investment of \$4.2 million to expand its High-Speed Fusion Internet Service to 34 additional towers.

The second phase of this initiative will see SaskTel deploy small cellular sites to improve the level of service in 100 rural communities. The upgrades on the first 43 towers will be completed by March 31, 2019. The remaining 57 locations to receive upgrades will be announced once details are finalized.

Phase 3 will see us continue to explore ways for SaskTel to enhance its cooperation with the private sector to look for additional opportunities to improve rural wireless services while the fourth phase will involve research gathered to identify coverage gaps in mobility and internet service. The data collected will be used by SaskTel to formulate a broad expansion.

# WILSON MUSEUM NEWS

Submitted by  
Ray Moskowec

Canada Day is over for this year. Although it was a rainy most of the early and late day, it still turned out nice for the evening for the fire-works. Despite the rain, some of the floats for the parade continued to participate on the route, with the Wilson Museum float being the largest and hopefully the funniest.

The museum has been open off and on during the Summer, Sorry, we are unable to be open every weekend, however, hopefully for the month of August, it will be open a bit more as per regular Summer hours.

An event planned for August is the Penny Fair Day on Saturday, August 11th, 2018. NOTE: The Museum Board has decided to change the name to: WILSON HERITAGE DAYS. It just seems that last year, with the 150 year celebration of Canada, the museum re-introduced the "penny" for the younger folks in our society (the kids) and millennials to remember that one

time "pennies" were used to purchase items many years ago in Canada. So, now to be more modern, the name change of the event, which will be an annual event is WILSON HERITAGE DAYS. There will be a day of old fashioned games such as three-legged race, Horse shoes, Checkers and others. BBQ-hamburgers, hot dogs, assorted salads, ice cream and refreshments will be sold. A Caricature Artist, maybe a band, Kids Art show and a couple of other events are planned for the day. Come out and enjoy a day of old fashioned festivities all at the Wilson Museum located on 115 Government Road, DUNDURN, SK. Lots of free parking. For more information call Ray at 306-491-8651.

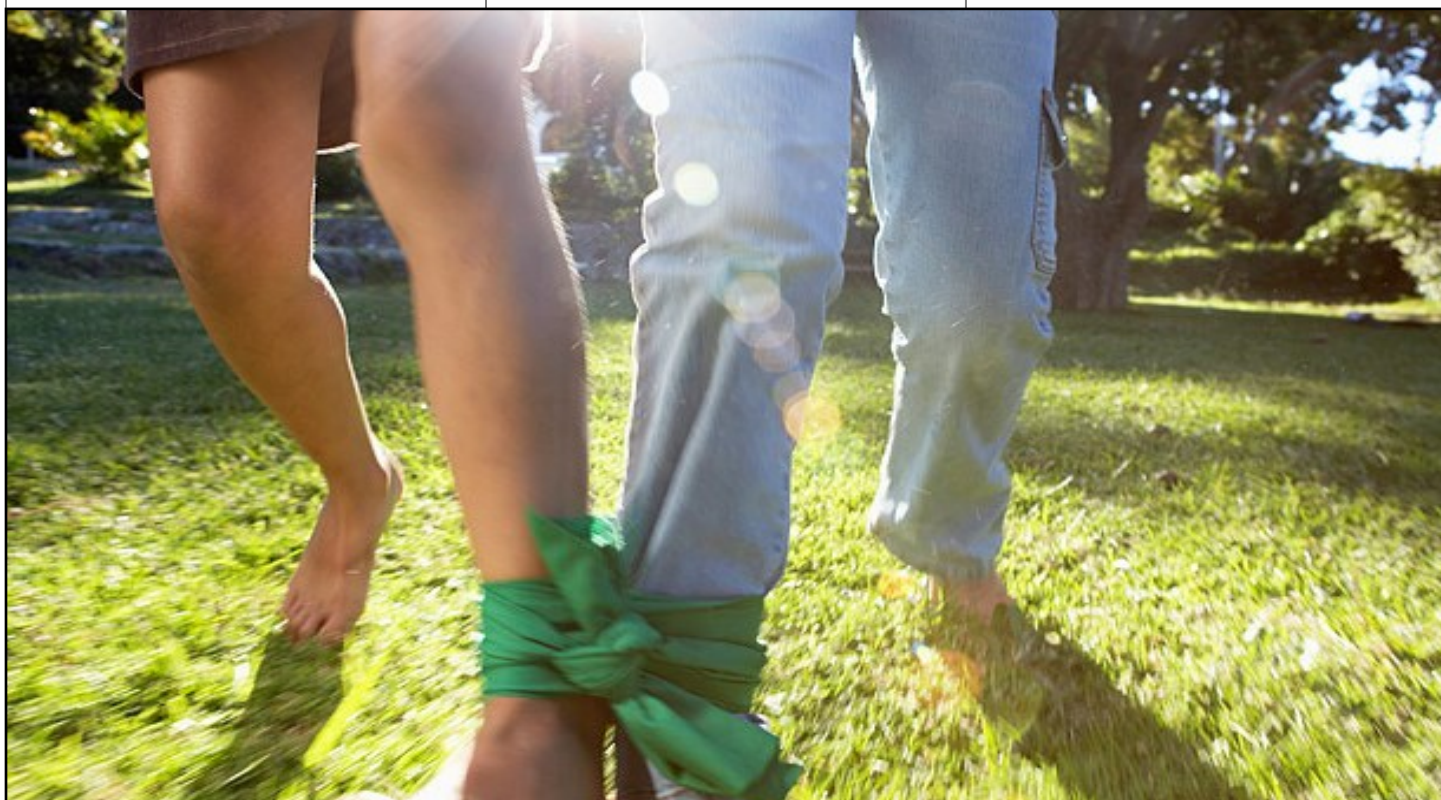

**VANDALISM:** "the malicious destruction of someone else's property or goods!" that is the definition of Vandalism. The Wilson Museum experienced some vandalism last month in where someone caused damage to the Museum. It was youth because on a number of occasions when a drive by done by museum volunteers, the young people who were hanging around the Museum porch ran off behind the LAHODA house and into the bushes surrounding the property, plus the resident that lives between the museum and the museum park (long Barn) seen young people firing fireworks and lighting matches near some old wood behind their property on Museum

Land. Damage caused to the museum by Vandalism, was the "breaking of an old foot bridge which was caused by jumping on it till broke and the sharp edge punctured a water line causing loss of water to the tune of \$400.00, plus breaking of the spindles on the porch (Youth sitting on the railing (smoking) and banging their feet), AND trying to light a "lighter" on the out door rug by the entrance. WHY do the old people volunteer at the museum? For the YOUTH! If the YOUTH are bored, call the number on the notice board and the museum will be opened for the YOUTH to see what they want to destroy!. The Museum board has purchased a small tractor with hardware to clean up the Carganna bushes and trees so that the youth will not have a place to hide and smoke, vandalize property, however, if the museum is destroyed than the whole community suffers, is that what is desired?

The museum keeps acquiring artifacts this summer with a real cloth weaving loom" being donated by a couple" from Blaine Lake, thank you Vera Falk for the "heads Up" on the loom.

So, I want to finish with a couple of thought for the Summer, please support the museum with attending

WILSON HERITAGE days and the remind the Youth to RESPECT other people's property, especially their museum in the community.
