# Physical literacy gets kids moving in the right direction!

Discover how to become an Active For Life community.

[LEARN MORE](#)

Physical literacy is the development of basic movement skills that permit a child to move with confidence and control, in a wide range of physical activity situations.

[LEARN MORE](#)

Children should learn basic movement skills in each of the four basic environments;

- 1 ON THE GROUND
- 2 IN THE WATER
- 3 ON SNOW AND ICE
- 4 IN THE AIR

Physical literacy gives children the tools they need to take part in physical activity, sport and daily living, for fun, for health and for achievement.

Physically literate children and youth are successful in;

- 1 SPORT participation, excellence
- 2 RECREATION fun, adventure
- 3 PERFORMING ARTS dance, circus
- 4 VOCATIONAL firefighter, roofer, armed forces
- 5 DAILY LIVING garden, paint, climb
- 6 INJURY PREVENTION lift, carry, fall recovery

Developing physical literacy in our children will take the combined efforts of;

- COACHES
- COMMUNITY LEADERS
- DAY CARE PROVIDERS
- EDUCATORS
- PARENTS/GUARDIANS

Build physical literacy with these steps;

- REVIEW PROGRAMS TO MAKE SURE PHYSICAL LITERACY IS AN OUTCOME.
- PROVIDE CHALLENGING, SAFE ENVIRONMENTS FOR KIDS TO EXPLORE AND PRACTICE PHYSICAL LITERACY SKILLS.

## THE NINTH ANNUAL (2015) BLACKSTRAP ART STUDIO TOUR SUMMARY

The ninth annual Blackstrap Art Studio Tour has been successfully completed. The tour involved 20 individual artists as well as multiple participants at the Hot Shop and the Dundurn Elementary School Students. Three new artists joined the ranks although not all joined in time to be listed in the pamphlet. A variety of other individuals were involved in hostess/information duties.

The three sites included the Dundurn Elementary School, Dundurn Wilson Museum and Hiebert's Hot Shop. Demonstrations and information sessions were available to the public for 8 hours Saturday and 5 hours Sunday. All venues were free.

Wagon Wheel signs directed the public to the various sites. Evaluation data collected during the tour was complimentary. People learned about the event from a variety of advertizing initiatives: word of mouth, pamphlets, and the CBC and CTV Morning Live productions. Painted signs placed at key sites gave advance notice of the event.

Three to four hundred visitors are estimated to have participated in the Tour. Visitors who received door prizes donated by the artists are listed below.

The organizers and artists wish to thank the Town, the Councillors of the Town, and the R.M of Dundurn for their support including the Lotteries Grant from the Dundurn and District Recreation Board. The large signs erected by the Town of Dundurn and the R.V. of Shields were very much appreciated. Thanks again to Fred Wilson for ensuring that the roads were graded for us.

Hope to see you next year, as a participant or a visitor. We encourage any local artist to get in touch with our committee if you wish to be involved. This a strictly a volunteer organization and many people help the artists by providing help with demonstrations, making and placing signs, hostess duties or just plain set up and take down duties. We could not do it without the many community volunteers. It was a fun weekend for all of us and we look forward to another year. Questions can be directed to Harry at 306-492-4747 or Joan at 306-492-4665.

# GABBIN' WITH THE GOVERNMENT

HONORABLE LYNNE YELICH, MP

Linking with Lynne...

Minister Yelich hopes you have enjoyed the summer and are looking forward to back to school time, which seems to be

right around the corner! She would also like to send her wishes for a prosperous and safe harvest season to area farmers.

**Lynne Yelich**  
**Member of Parliament for Blackstrap**  
**& Minister of State for Foreign Affairs and Consular**

MLA GREG BRKICH

A Brkich Break...

Recently Premier Brad Wall championed for the interests of Saskatchewan and Western Canada when he stood up for Canada's energy sector at the

summer meeting of Canadian premiers.

Our Premier repeated calls that we shouldn't be embarrassed by our energy sector and, in no uncertain terms, made it clear that we shouldn't have to change provincial policy to get other provinces on board with a pipeline that would replace foreign oil supplies to Canada. Our energy industry provides jobs to tens of thousands of people, as well as billions in investment, royalties and taxes to help us keep Saskatchewan strong.

From our strong agricultural sector, mining, lumber, uranium and potash, and oil & gas, people here know the importance of getting our products to market. Pipelines like Energy East will help expand on that. The importance cannot be overstated.

R.M. of DUNDURN REEVE

R. FRED WILSON

Report from the Reeve...

Greetings from the R.M. Summer is quickly moving on. Indications are there may be an early harvest so take caution when approaching

large harvest and haying machinery.

Congratulations to the Town, Patty and helpers for the July 1<sup>st</sup> celebration. Anyone not attending missed an excellent parade and fun activities.

Take caution when having open fires and burning garbage. There is still a high fire hazard in the area.

The R.M. has set its mill rate at 7.4 mills down from 7.593 in 2014.

Until next time, enjoy your summer and stay safe.

Best regards,

## FIRE BAN FOR NORTHERN SASKATCHEWAN NOW LIFTED

As of July 17, 2015

The Ministry of Environment, in consultation with the Ministry of Parks, Culture and Sport, has lifted the ban on open fires that was put into effect June 25, 2015. Effective immediately, the ban is rescinded for all provincial forests, and for all provincial parks and recreation sites located within these forests.

Recent rainfall and cooler temperatures have reduced wildfire hazards. The improved conditions and reduced wildfire threats have made it possible for the ministry to lift the ban. These include the Canwood, Fort à la Corne, Nisbet, Northern, Porcupine and Torch River provincial forests, and Candle Lake, Great Blue Heron, Lac La Ronge, Meadow Lake, Makwa Lake and Narrow Hills provincial parks, and Bronson Forest and Chitek Lake recreation sites.

Please be aware that the Rural Municipality of Dundurn may still have their own fire bans in place; check with the RM Office to find out if other bans apply in your area.

If you burn, check wind and weather conditions before you start your fire, don't leave it unattended and make sure it's dead out before you leave it.

The Town of Dundurn wishes to advise residents to take care when using wood burning fire pits ensuring that the pit is covered to eliminate flying sparks and that there is a sufficient supply of water nearby. It is recommended if possible to use only propane or natural gas fireplaces, fire bowls or pits.
